“The positive affects of Disney’s Teacher Awards program do not stop with the individual Honoree. The school district, community, and hundreds of students directly benefit from the enthusiasm and opportunities your program creates.”

_Disney’s Teacher Awards Honoree, 2000_

“As a Disney Honoree, I have learned that great teachers have the energetic exuberance of a kindergartener, the gentle caring compassion of a hospice volunteer and the inspirational wisdom of a prophet and they are able to demonstrate all of these natural abilities in one twenty minute lesson. Being a Disney Honoree feeds your spirit, soothes your soul, rekindles your hopes and illuminates the magic of teaching.”

_Disney’s Teacher Awards Honoree, 1999_

“The Disney Teacher Awards not only honored me as a teacher, it honored all of the wonderful colleagues at my school, my city and my state. The award brings to the nation’s attention “TEACHING as a Profession.” I have found the most creative thinkers are among my colleagues in teaching. I hope every school will honor one of their own, by submitting a creative teacher to Disney's Teacher Awards.”

_Disney’s Teacher Awards Honoree, 2000_
Since 1989, Disney has proudly presented DisneyHand Teacher Awards, a salute to outstanding members of the teaching profession that demonstrates our respect for teachers across the country. This award honors representatives of the teaching profession who construct learning environments where students and teachers alike explore, imagine, and engage in a variety of stimulating ideas and experiences.

Research suggests that creative approaches to teaching and learning maximize all students’ intellectual potential and their enjoyment of the learning process. DisneyHand Teacher Awards focuses on honoring those teachers whose practices exemplify creativity in teaching and who inspire a joy of learning in their students.

In addition to public recognition, an awards ceremony and monetary honoraria, Disney Teachers participate in a professional development program focused on helping them to explore and develop their own creative practices and share their expertise and insights with other teachers in their schools and districts. This is an opportunity for professional growth and leadership development that will:

- expose Honorees to innovative approaches to teaching and learning.
- enhance Honorees’ knowledge bases and approaches to collaboration and teacher learning.
- create a cadre of teacher leaders who effectively teach and mentor their colleagues.

DisneyHand Teacher Awards—and its focus on teacher support and professional development—are part of DisneyHand, worldwide outreach for The Walt Disney Company and its family of companies (collectively referred to as “Disney”).
Applications should be submitted in one of thirteen categories. An applicant will be evaluated against all other teachers who apply in that same category. Teachers or teams in each of the categories will be selected as DisneyHand Teacher Awards Honorees for 2005.

SELECTION PROCESS

Selection for DisneyHand Teacher Awards is a two-step process: (1) initial selection of 40 Teacher Awards Honorees; (2) selection of the Outstanding Teacher of the Year.

Honoree Selection: A national selection committee carefully reviews all applications to select 40 DisneyHand Teacher Awards Honorees. Selection is based on: (a) the comprehensive answers to the questions in the Professional Reflection section; (b) the two Letters of Recommendation from individuals familiar with an applicant’s teaching; (c) verification of Requirements for Participation and Eligibility.

Teachers selected as Honorees will be notified in April 2005, and all other applicants will be notified of the names of the selected Honorees by mail no later than May 1st. All 40 Teacher Awards Honorees participate in the recognition ceremony in Los Angeles in July 2005.

Outstanding Teacher of the Year Selection: All 40 DisneyHand Teacher Awards Honorees and the National Selection Committee will select the Outstanding Teacher of the Year during the recognition ceremony in July 2005.

Selection Committee: The selection committee is comprised of former DisneyHand Teacher Awards Honorees and representatives from the educational organizations listed below.

- American Association of School Administrators
- American Federation of Teachers
- Association for Supervision and Curriculum Development
- Council for American Private Education
- Council for Exceptional Children
- Council of the Great City Schools
- The Galef Institute
- National Association of Elementary School Principals
- National Association of Secondary School Principals
- National Board for Professional Teaching Standards
- National Education Association
- National Middle School Association
- National PTA
- Project Zero, Harvard Graduate School of Education

Disney does not participate in the selection process.

Disney reserves the right to cancel DisneyHand Teacher Awards and/or not produce a DisneyHand Teacher Awards gala in 2005. In addition, if, in the opinion of the selection committee, there are insufficient qualified applicants in a particular category, Disney reserves the right to eliminate that category from the DisneyHand Teacher Awards program in 2005.

*40 Honoree Awards will be selected. A team is treated as one (1) Honoree Award.
HONORARIA

Disney will award cash prizes to the Honorees (and their schools) as follows:

40 Honorees receive $10,000 each
40 Honorees’ schools receive $5,000 each
Outstanding Teachers will receive an additional $15,000 for a total of $25,000

Teacher Teams will share each honorarium among their team members. Disney encourages each school to use its honorarium to support professional development.

PROFESSIONAL DEVELOPMENT PROGRAM

Because Disney seeks to enhance its support of creative teaching strategies and teacher leadership development, DisneyHand Teacher Awards includes a unique professional development component in partnership with the Center for Collaborative Education (CCE) of Boston. The program focuses on helping Honorees to: explore innovative teaching practices; enhance their understanding and facilitation of teacher collaboration and learning; and build networks. To this end, Honorees participate in an online study group, a fall institute, action plan implementation and technical assistance.

A major part of the professional development program is the six-day fall institute in October 2005 in Orlando, FL. The institute provides opportunities for Honorees to refine their own innovative teaching approaches by sharing ideas and experiences and to learn how to engage and lead other teachers in professional development focused on building effective collaborative cultures. The Honorees become a cadre of teacher leaders bringing tools, materials and resources back to their own schools and districts to share with their colleagues throughout the school year. To enable this, DisneyHand pays CCE to assist each Honoree and principal in designing and implementing an action plan at their school that focuses on increasing professional collaboration to engage students in learning.

Principals join the Honorees for 3 days in the fall. Disney will pay for travel, lodging and training costs for the Honorees and principals to attend the fall institute.

DisneyHand Teacher Awards professional development program works with Honorees and their principals for a year; therefore, we do not honor teachers from the same school until the professional development commitment is completed. If a teacher from your school was honored in 2003–04, you would be eligible to apply in 2006.

RECOGNITION

Each DisneyHand Teacher Awards Honoree and a guest will be flown to Los Angeles, CA for several days of professional development and celebration culminating with recognition at a gala ceremony. During this ceremony, all teachers are honored. In addition, Disney will work with the media to celebrate each teacher and school in the home markets.

FREQUENTLY ASKED QUESTIONS

Q: Who nominated me? Is this application valid even though my name is spelled incorrectly?
A: Due to legal restrictions, nominations are made anonymously. When you return your application with corrected information, any previously incorrect information will be updated.

Q: I’m a teacher’s aide, assistant, or part-time teacher. Do I qualify?
A: No, only full-time teachers are eligible; however, congratulations on your nomination.

Q: I’m not available (i.e. pregnancy, retirement) for one component of the program (recognition ceremony, professional development institute or implementation work in 2005–06). May I still apply?
A: No. Applicants must be available for all events and activities.

Q: What if I’m transferred during the summer or move to another school [state]?
A: If you have this information before applying, please have your future principal complete the Principal’s Agreement and your current principal write the Letter of Recommendation. Otherwise, have your current principal complete both. Moving or transferring does not disqualify you.

Q: I’m a part-time principal (college professor, etc.). Do I qualify?
A: You qualify if your administrative duties are in addition to full-time teaching.

Q: What if my principal is on leave?
A: An administrator with appropriate authority (e.g., superintendent) may sign the Principal’s Agreement.

Q: There is a code number on my envelope is that important?
A: No, it is merely an assigned nomination tracking number.

Q: What is the difference between a nominee and an Honoree?
A: A nominee is a teacher identified through a public nomination process. Only nominees who complete the application are eligible for selection as a DisneyHand Teacher Awards Honoree. The national selection committee chooses 3 applicants in each of the 13 categories to be DisneyHand Teacher Awards Honorees.

Q: Which category should I apply in if I’m part of a team?
A: If one team member is nominated, up to three members of the team may apply together in the appropriate subject category, or the nominee may choose to apply individually. If a team teaches several subjects at the Middle or High School level, please apply as an Interdisciplinary Team. A teacher may submit only one application.

Q: I applied last year and was not selected. May I reapply?
A: Yes. Please complete and return this application. Some teachers apply many times before being selected because there are so many great teachers.

Q: Is there any flexibility in the application deadline?
A: Due to the selection process, we regret that we cannot extend the application deadline. Past applicants tell us the biggest challenge is getting the Letters of Recommendation back in time. Please start with these and get them back before completing the application.

Q: When will I hear if I have been selected?
A: All applicants will be notified of Honoree selection by May. Information will be mailed to the address that you provide on your application.

Q: Will Disney use my application information as a way to market and sell materials to me?
A: No, the only use of your information is for the application process in 2005.

The selection of DisneyHand Teacher Awards Honorees marks the first step in creating a community of teachers who are committed to sharing their expertise and knowledge with colleagues. During October 2005, Disney will host and pay for a six-day professional development institute for the Honorees, designed and delivered by the Center for Collaborative Education (CCE) of Boston. Honorees will explore innovative approaches to teaching and learning while sharing their own best practices with each other. They also will learn and practice strategies that allow them to collaborate with and mentor colleagues. This will enable the Honorees to facilitate local professional development opportunities in their schools/districts.

I certify that if selected as one of the DisneyHand Teacher Awards Honorees, I will:

- participate in all activities related to the recognition events July 23–28, 2005
- participate in the professional development institute October 16-23, 2005
- collaborate with the appropriate administrator and a member of the Center for Collaborative Education staff to develop a professional development implementation plan, tailored to my school and/or district
- help implement this plan to engage my school and/or district colleagues in professional development opportunities

I further certify that I am the sole author of the answers to the written questions and that all of the statements made in this application are true, complete, and correct to the best of my knowledge.

I hereby irrevocably grant to The Walt Disney Company and its related, subsidiary and affiliated companies, to any third party that they may authorize, and to their respective successors, assigns, licensees, employees and agents, the following rights to and in connection with the production, exhibition, distribution, advertising, promotion, publicizing (through the press or other media) or other exploitation of “DisneyHand Teacher Awards” or of other charitable educational endeavors, in perpetuity throughout the universe, in all now known and hereafter devised media, including but not limited to book publication and magazine articles, and in any language: (a) to use this application or any excerpts therefrom (including lesson plans, curriculum units and ideas, and excluding only letters of recommendation); (b) to televise, photograph, film, tape or otherwise record me or my voice; and (c) to use my name, physical likeness or voice.

I understand that if I am selected as a DisneyHand Teacher Awards Honoree, any honoraria awarded to me and my school will be payable only as follows: one-half of the total honoraria awarded to me and my school based on my participation in the recognition ceremony in July 2005, and the remainder based on my participation in the October 2005 professional development institute.

I agree to abide by all the terms of eligibility and requirements of participation if I am selected as a DisneyHand Teacher Awards Honoree.

PRINCIPAL’S AGREEMENT

Applicant’s Name ............................................................................................................................................................... 

In order for the teacher named above to apply for DisneyHand Teacher Awards, there are several items that require your approval and signature. If selected as one of 40 Honorees, this teacher may be videotaped in his/her classroom and school. We view this as a chance to show the public what a great school you have. Every attempt will be made to minimize disruption to the school routine.

The teacher and a guest will be flown to Los Angeles for a week of recognition and celebration, July 23–28, 2005. Furthermore, as part of their participation, DisneyHand Teacher Awards Honorees will attend a customized professional development institute October 16–23, 2005 and will work with colleagues in their schools. Principals or their designee attend for three days in October with colleagues and the Center of Collaborative Education of Boston. This helps ensure that the professional development skills can be taught to others within the school/district. Some of these may require the teacher to be gone from the classroom for professional development. Every effort is made to minimize the time away from school.

If this teacher is selected as an Honoree, the school will be awarded an honorarium of $5,000.

Your prompt completion of this agreement is requested; the applicant can neither complete the application nor be considered for selection without your agreement. In many cases, you also may be asked by the applicant to complete a letter of recommendation.

In the event this individual is selected as a DisneyHand Teacher Awards Honoree, I agree to:
♦ Possible videotaping by film crews for part of a day in the school and classroom of the Honoree in accordance with your school district’s policy.
♦ Release time for the Honoree for participation in the recognition events. (Disney will fund travel and related expenses for each Honoree and a guest).
♦ The Honoree’s participation in a six-day professional development institute designed, delivered and evaluated by educational experts and practitioners in October 2005. The Principal or a designee participates in three days of this professional development. (Disney will pay for travel, lodging and training costs for the Honoree and principal/designee). This will require release time.
♦ Developing a plan in collaboration with the Honoree to facilitate professional development opportunities in my school or district during the school year that will best capitalize on the Honoree’s expertise and training as well as fit into district and building goals.

I certify that I have read and agree to the above statements.

LETTER OF RECOMMENDATION: PRINCIPAL OR SENIOR ADMINISTRATOR

Applicant’s Name ............................................................................................................................................................

DisneyHand Teacher Awards annually honors extraordinary teachers by giving them the recognition they truly deserve but rarely receive. These teachers find creative ways to stimulate curiosity, engage the imagination and pass the joy of learning on to each of their students. To this end, DisneyHand Teacher Awards will select and honor a broad range of teachers who exemplify creative, innovative approaches to teaching that serve as models for the school community. In addition, the program includes a professional development component that should benefit not only the selected Honorees, but also the schools and districts where they teach.

The person named above has been nominated and is submitting an application to be considered as a DisneyHand Teacher Awards Honoree. You are an important part of the selection process, and your assessment of the teacher’s skill and ability is critical. In your view, how does this teacher’s classroom or lessons differ from other teachers’ lessons? How does this teacher measure success? How do students in this teacher’s classroom perform in comparison to other students at the same grade level?

Writing a letter of recommendation is rarely an easy task, especially when space is limited, but it is a very important part of the selection process. The questions above are intended as a framework for your recommendation; however, you may include additional comments about this person. Thank you in advance for taking the time to write a letter of recommendation.

DisneyHand Teacher Awards annually honors extraordinary teachers by giving them the recognition they truly deserve but rarely receive. These teachers find creative ways to stimulate curiosity, engage the imagination and pass the joy of learning on to each of their students. To this end, DisneyHand Teacher Awards will select and honor teachers who exemplify innovative approaches to teaching that serve as models for the school community.

The person named above has been nominated and is submitting an application to be considered as a DisneyHand Teacher Awards Honoree. A selection committee will review the application and letters of recommendation. This teacher has selected you to write a recommendation because of a belief that you are familiar with his/her teaching and ability to inspire a joy of learning in students. As an important part of the selection process, you also can provide stories and examples that showcase this teacher’s work when writing this letter.

When you are in this teacher’s classroom (and/or based on what your child shares/shared with you), what happens that makes learning seem interesting and exciting? How do you see that an individual student’s talents and interests are/were incorporated into this teacher’s classroom?

Writing a letter of recommendation is rarely an easy task, especially when space is limited, but it is a very important part of the selection process. The questions above are intended as a framework for your recommendation; however, you may include additional comments about this person. Thank you in advance for taking the time to write a letter of recommendation.

The mission of The Bubel/Aiken Foundation is to provide services and financial assistance to facilitate fully the integration of children with disabilities into the life environment of those without.

The Foundation creates awareness about the diversity of individuals with disabilities and the possibilities inclusion can bring. Through collaborations with the disability, education, entertainment, and media communities, the Foundation recognizes those whose commitment to breaking the stereotypes attendant to the developmentally disabled has broken barriers and extended the boundaries of the human experience for all.

Beginning in 2005, one of the DisneyHand Teacher Awards honorees will be selected by the Bubel/Aiken Foundation as the winner of the Bubel/Aiken Award based on his or her successful inclusion of children with special needs.

"The Bubel/Aiken Foundation is proud to partner with DisneyHand in recognizing the critical role played by teachers in creating environments where children with special needs can take full advantage of all educational opportunities. I salute the creativity and passion of teachers who are working to break down barriers and open new possibilities for individuals with disabilities."

Weekly, Disney VoluntEARS work with students in local elementary schools to help improve their reading.

Last year, Disney VoluntEARS around the world participated in 1,050 projects and programs and contributed over 410,000 community service hours, filling 63,439 volunteer opportunities.

Wish Granting
Disney believes in making dreams come true, and most especially when it comes to granting the wish of a child facing a life-threatening illness. Through our Compassion programs and by partnering with organizations that serve children facing significant medical challenges, Disney helps fulfill the wishes of over 6,000 children and their families yearly and brings magic to over 500,000 children in hospitals each year.

Teacher Appreciation
Disney continues to honor teachers through our Teacher Appreciation kits. The kit is filled with banners, ideas to celebrate teachers, and an inspiring video saluting the work that teachers do. In 2003 and 2004, kits were sent to every public and private Elementary and Middle School in the United States.

Learning
DisneyHand’s Reading Together program is an initiative aimed at supporting parents and caregivers in reading with their children. The Walt Disney Company has donated over seven million books to the First Book National Book Bank, to be distributed to children in need. In addition, the DisneyHand Reading Together with Belle went on tour to promote the importance of reading to children and the community.
